

Patient Reference Group

How are we doing?

We want to create a list of our patients to ask how we are doing and what we can do to improve the services we provide.

Anyone can join, in fact we want the group to be as representative of our practice population as possible. Everyone has a view and this is an opportunity to help us design better services.

No lengthy meetings required!

If you think you can spare a few moments to help us, please ask any member of the team for more details. You can also email us at:

admin@lensfieldpractice.org

or send an on line enquiry via our website:
